EXPERIENCE

SENIOR ACCOUNT MANAGER
Simpli.fi, Fort Worth, TX / Jan 2020 - Present

- Provided front-end support on HTML5/Third-Party ads and performed script tag debugging through Chrome Developer Tools.
- Improved process efficiency by developing documentation and writing applications for client-success processes.
- Managed a portfolio of agency clients asynchronously at a monthly spend of over $300k.
- Resolved client issues as they occurred while maintaining successful relationships.

S.W.O.R.D
Projects Aug 2021 - Aug 2021
- Full-Stack application built on the Node.js framework within the MVC paradigm utilizing Express.js, MySQL, and Handlebars.js.
- Ticket management system that can be leveraged for any organization with minimal framework restructuring.

DEFI 101
Projects Jun 2021 - Jun 2021
- Written in JQuery, Javascript, HTML.
- Uses Bootstrap framework for CSS.
- Uses CoinGecko and Contextual USearch APIs.
- Functions as stripped down cryptocurrency tracker.

REFERRER COMPLIANCE TOOL
Projects May 2021 - Jun 2021
- Written in HTML/CSS and Javascript.
- Functions as a script tag adjuster to allow for better passback of referrer information in light of the new standard CORS policy across browsers.
